Attorney General Opinions

Threatened and endangered plants are protected on Hawaiian home lands under the provisions of chapter 195D, as well as under the provisions of the federal Endangered Species Act of 1973, to the same extent that the plants are protected elsewhere in Hawaii. Anyone who "takes" threatened or endangered plants on Hawaiian home lands is subject to state and federal civil and criminal penalties. Att. Gen. Op. 95-5.

Allocating royalties from geothermal developments on department of Hawaiian home lands (DHHL) lands to the board of land and natural resources or the counties violated §4 of the Admission Act and article XII, §§1 and 3 of the Hawaii constitution. It is clear from the Admission Act and the Hawaii constitution that the State has an obligation to manage such resources on Hawaiian home lands for the benefit of native Hawaiians pursuant to the Hawaiian Homes Commission Act (HHCA). Allocation of royalties from geothermal developments on DHHL lands to entities other than DHHL would be violations of both the Admission Act and the Hawaii constitution because those proceeds would not be available to DHHL to carry out the terms and conditions of the HHCA. Att. Gen. Op. 14-1.

Case Notes

Claims under Act arise exclusively under state law; hence, Eleventh Amendment bars federal court from deciding claims against state officials based solely on this Act. 45 F.3d 333.

Appellant who claimed article XII's (of the state constitution) implementation of this Act violated the Fourteenth Amendment because government benefits, leases to public lands, are available only to native Hawaiians, lacked standing. 342 F.3d 934.

Lessee defendants' motion to dismiss granted, where plaintiffs claimed native Hawaiian lessee defendants violated this Act, as well as plaintiffs' rights under 42 U.S.C. §1983 by subleasing Hawaiian home lands to non-native Hawaiians. 824 F. Supp. 1480.

To the extent plaintiffs sought redress for violations of the Hawaii constitution or this Act, the Eleventh Amendment barred the state law claims; thus, state defendants' motion for summary judgment granted on all state law claims against state officials brought in their official capacities; state defendants sued in personal capacities were entitled to qualified immunity. 824 F. Supp. 1480.

Association that included native Hawaiian beneficiaries asserted viable claim under 42 U.S.C. §1983 alleging breach of trust duties by appellees under this Act via Admission Act. 78 H. 192, 891 P.2d 279.

Act is part of Hawai'i constitution and does not constitute federal law; thus, federal preemption principles did not apply to case where there was no relevant federal law at issue and conflict between Act and state statute was matter of state constitutional law. 87 H. 91, 952 P.2d 379.

Chapter 343 does not conflict with this Act, has only incidental impact on Hawaiian home lands, and is not inconsistent with interests of the beneficiaries; thus, chapter applies to Hawaiian home lands. 87 H. 91, 952 P.2d 379.

For Hawaiian home lands, the department of Hawaiian home lands is the accepting authority for applicant proposals under §343-5(c); because the governor is not involved, there is no conflict with this Act. 87 H. 91, 952 P.2d 379.

Where taxpayers failed to allege an injury-in-fact with regard to the Hawaiian homes commission act's native Hawaiian ancestry qualification for homestead leases, they did not have standing to challenge the constitutionality of the tax exemptions for homestead lessees or the Hawaiian homes commission act generally. 128 H. 89, 283 P.3d 695 (2011).

TITLE 1: DEFINITIONS

§1. That this Act may be cited as the "Hawaiian Homes Commission Act, 1920."

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920

§2. That when used in this Act the term "Hawaiian Organic Act" means the Act entitled "An Act to provide a government for the Territory of Hawaii," approved April 30, 1900, as amended.

Attorney General Opinions

This Act construed as a state constitutional provision rather than an Act of Congress. Att. Gen. Op. 81-4.

Case Notes

The Hawaii Admission Act transferred complete responsibility of the Hawaiian Homes Commission Act program and the homelands to Hawaii and claims based on that Act do not "arise under" federal laws. 588 F.2d 1216.

[§101. Purpose.] *[Text of section subject to consent of Congress.]* (a) The Congress of the United States and the State of Hawaii declare that the policy of this Act is to enable native Hawaiians to return to their lands in order to fully support self-sufficiency for native Hawaiians and the self-determination of native Hawaiians in the administration of this Act, and the preservation of the values, traditions, and culture of native Hawaiians.

(3) Preventing alienation of the fee title to the lands set aside under this Act so that these lands will always be held in trust for continued use by native Hawaiians in perpetuity;

(4) Providing adequate amounts of water and supporting infrastructure, so that homestead lands will always be usable and accessible; and

(5) Providing financial support and technical assistance to native Hawaiian beneficiaries of this Act so that by pursuing strategies to enhance economic self-sufficiency and promote community-based development, the traditions, culture and quality of life of native Hawaiians shall be forever self-sustaining.

(c) In recognition of the solemn trust created by this Act, and the historical government to government relationship between the United States and Kingdom of Hawaii, the United States and the State of Hawaii hereby acknowledge the trust established under this Act and affirm their fiduciary duty to faithfully administer the provisions of this Act on behalf of the native Hawaiian beneficiaries of the Act.

[§201.5.] Federal reaffirmation. *[Text of section subject to consent of Congress.]* The United States and State of Hawaii hereby reaffirm and recognize that:

(1) The native Hawaiian people are a distinct native, indigenous people who have maintained their own language, culture, and traditions, and have established Hawaiian home lands areas protected under federal and state law;

(2) The United States has a unique trust responsibility to promote the welfare of the aboriginal, indigenous people of the State, and the federal government has delegated broad authority to the State to act for their betterment; and

(3) The aboriginal, indigenous people of the State retain their inherent sovereign authority and their right to organize for their common welfare. [L 2001, c 302, pt of §2]

[§201.6.] Community based governance on Hawaiian home lands. *[Text of section subject to consent of Congress.]* It is the policy of the State to support participation in governance by promoting the empowerment of democratically-elected Hawaiian homestead community self-governance organizations.

In furtherance of this policy, and with the consent of the Congress of the United States, the State may delegate to a democratically-elected organization representing a Hawaiian homestead community or communities the authorities delegated to the State by the United States relating to the administration of the Hawaiian Homes Commission Act, 1920, as amended.

The commission may establish a working relationship with a democratically-elected Hawaiian homestead community self-governance organization to promote community welfare. The selection of authorities to be delegated shall be left to the Hawaiian homes commission's discretion. The commission may establish criteria to determine the boundaries and location of a Hawaiian homestead community and whether a Hawaiian homestead community organization is eligible for delegation. Criteria for eligibility shall include but not be limited to the following:

(1) The organization and its leadership is a bona fide representative body of native Hawaiian residents, homestead lessees, qualified successors residing within the homestead community, and native Hawaiians who have designated that homestead community as their primary choice of residence with the department of Hawaiian home lands and who are awaiting an award of a lease under this Act;

(2) The organization is governed by free and fair elections; and

(3) The organization demonstrates sufficient capacity to implement the authorities that are delegated.

The commission may contract with and delegate authority to a Hawaiian homestead community self-governance organization to perform governmental services for the homestead community represented by that homestead organization. Any such contract shall include a requirement that the government service shall be performed at a level and quality comparable to the services that would otherwise be provided by the department of Hawaiian home lands.

The department of Hawaiian home lands may adopt rules in accordance with chapter 91, Hawaii Revised Statutes, to implement this section. [L 2001, c 302, pt of §2]

§202. Department officers, staff, commission, members, compensation. (a) There shall be a department of Hawaiian home lands which shall be headed

The commission shall be composed of nine members, as follows: three shall be residents of the city and county of Honolulu; two shall be residents of the county of Hawaii one of whom shall be a resident of east Hawaii and the other a resident of west Hawaii; two shall be residents of the county of Maui one of whom shall be a resident from the island of Molokai; one shall be a resident of the county of Kauai; and the ninth member shall be the chairman of the Hawaiian homes commission. All members shall have been residents of the State at least three years prior to their appointment and at least four of the members shall be descendants of not less than one-fourth part of the blood of the races inhabiting the Hawaiian Islands previous to 1778. The members of the commission shall serve without pay, but shall receive actual expenses incurred by them in the discharge of their duties as such members. The governor shall appoint the chairman of the commission from among the members thereof.

The chairman of the commission shall serve in a full-time capacity. He shall, in such capacity, perform such duties, and exercise such powers and authority, or so much thereof, as may be delegated to him by the commission as herein provided above.

(b) The provisions of section 76-16, Hawaii Revised Statutes, shall apply to the positions of first deputy and private secretary to the chairman of the commission. The department may hire temporary staff on a contractual basis not subject to chapters 76 and 78, Hawaii Revised Statutes, when the services to be performed will assist in carrying out the purposes of the Act. These positions may be funded through appropriations for capital improvement program projects and by the administration account, operating fund, or native Hawaiian rehabilitation fund. No contract shall be for a period longer than two years, but individuals hired under contract may be employed for a maximum of six years; provided that the six-year limitation shall not apply if the department, with the approval of the governor, determines that such contract individuals are needed to provide critical services for the efficient functioning of the department. All other positions in the department shall be subject to chapter 76, Hawaii Revised Statutes.

All vacant and new civil service positions covered by chapter 76, Hawaii Revised Statutes, shall be filled in accordance with section 76-22.5, Hawaii Revised Statutes; provided that the provisions of these sections shall be applicable first to qualified persons of Hawaiian extraction. The term "available lands" does not include land already set apart by Presidential Executive Order at time of enactment of this Act. Att. Gen. Op. 64-44.

§204. Control by department of "available lands," return to board of land and natural resources, when; other lands, use of. (a) Upon the passage of this Act, all available lands shall immediately assume the status of Hawaiian home lands and be under the control of the department to be used and disposed of in accordance with the provisions of this Act, except that:

(1) In case any available land is under lease by the Territory of Hawaii, by virtue of section 73 of the Hawaiian Organic Act, at the time of the passage of this Act, such land shall not assume the status of Hawaiian home lands until the lease expires or the board of land and natural resources withdraws the lands from the operation of the lease. If the land is covered by a lease containing a withdrawal clause, as provided in section 73(d) of the Hawaiian Organic Act, the board of land and natural resources shall withdraw such lands from the operation of the lease whenever the department gives notice to the board that the department is of the opinion that the lands are required by it for the purposes of this Act; and such withdrawal shall be held to be for a public purpose within the meaning of that term as used in section 73(d) of the Hawaiian Organic Act.

(2) Any available land, including lands selected by the department out of a larger area, as provided by this Act, not leased as authorized by section 207(a) of this Act, may be returned to the board of land and natural resources as provided under section 212 of this Act, or may be retained for management by the department. Any Hawaiian home lands general lease issued by the department after June 30, 1985, shall contain a

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

withdrawal clause allowing the department to withdraw the land leased at any time during the term of the lease for the purposes of this Act.

In the management of any retained available lands not required for leasing under section 207(a), the department may dispose of those lands or any improvements thereon to the public, including native Hawaiians, on the same terms, conditions, restrictions, and uses applicable to the disposition of public lands in chapter 171, Hawaii Revised Statutes; provided that the department may not sell or dispose of such lands in fee simple except as authorized under section 205 of this Act; provided further that the department is expressly authorized to negotiate, prior to negotiations with the general public, the disposition of Hawaiian home lands or any improvements thereon to a native Hawaiian, or organization or association owned or controlled by native Hawaiians, for commercial, industrial, or other business purposes, in accordance with the procedures set forth in chapter 171, Hawaii Revised Statutes; provided further that in addition to dispositions made pursuant to chapter 171, Hawaii Revised Statutes, the department may lease by direct negotiation and at fair market rents, and for a term not to exceed five years, any improvements on Hawaiian home lands, or portions thereof, that are owned or controlled by the department.

(3) The department, with the approval of the Secretary of the Interior, in order to consolidate its holdings or to better effectuate the purposes of this Act, may exchange the title to available lands for land, privately or publicly owned, of an equal value. All lands so acquired by the department shall assume the status of available lands as though the land were originally designated as available lands under section 203 of this Act, and all lands so conveyed by the department shall assume the status of the land for which it was exchanged. The limitations imposed by section 73(l) of the Hawaiian Organic Act and the land laws of Hawaii as to the area and value of land that may be conveyed by way of exchange shall not apply to exchanges made pursuant hereto. No such exchange of land publicly owned by the State shall be made without the approval of two-thirds of the members of the board of land and natural resources. For the purposes of this paragraph, lands "publicly owned" means land owned by a county or the State or the United States.

(b) Unless expressly provided elsewhere in this Act, lands or an interest therein acquired by the department pursuant to section [213(e)], 221(c), or 225(b), or any other section of this Act authorizing the department to acquire lands or an interest therein, may be managed and disposed of in the same manner and for the same purposes as Hawaiian home lands. (2) With the approval of the governor, undertake and carry out the development of available lands for homestead, commercial, and multipurpose projects as provided in section 220.5 of this Act, as a developer under this section or in association with a developer agreement entered into pursuant to this section by providing for the construction, reconstruction, improvement, alteration, or repair of public facilities for development, including, without limitation, streets, storm drainage systems, pedestrian ways, water facilities and systems, sidewalks, street lighting, sanitary sewerage facilities and systems, utility and service corridors, and utility lines, where applicable, sufficient to adequately service developable improvements therein, sites for schools, parks, off-street parking facilities, and other community facilities;

(4) Exercise the powers granted under section 39-53, Hawaii Revised Statutes, including the power to issue revenue bonds from time to time as authorized by the legislature.

All provisions of part III of chapter 39, Hawaii Revised Statutes, shall apply to the department and all revenue bonds issued by the department shall be issued pursuant to the provisions of that part, except these revenue bonds shall be issued in the name of the department, and not in the name of the State.

As applied to the department, the term "undertaking" as used in part III of chapter 39 shall include a residential development or a development of homestead, commercial, or multipurpose projects under this Act. §207. Leases to Hawaiians, licenses. (a) The department is authorized to lease to native Hawaiians the right to the use and occupancy of a tract or tracts of Hawaiian home lands within the following acreage limits per each lessee: (1) not more than forty acres of agriculture lands or lands used for aquaculture purposes; or (2) not more than one hundred acres of irrigated pastoral lands and not more than one thousand acres of other pastoral lands; or (3) not more than one acre of any class of land to be used as a residence lot; provided that in the case of any existing lease of a farm lot in the Kalanianaʻole Settlement on Molokai, a residence lot may exceed one acre but shall not exceed four acres in area, the location of such area to be selected by the department; provided further that a lease granted to any lessee may include two detached farm lots or aquaculture lots, as the case may be, located on the same island and within a reasonable distance of each other, one of which, to be designated by the department, shall be occupied by the lessee as the lessee's home, the gross acreage of both lots not to exceed the maximum acreage of an agricultural, pastoral, or aquacultural lot, as the case may be, as provided in this section.

(b) The title to lands so leased shall remain in the State. Applications for tracts shall be made to and granted by the department, under such regulations, not in conflict with any provisions of this title, as the department may prescribe. The department shall, whenever tracts are available, enter into such a lease with any applicant who, in the opinion of the department, is qualified to perform the conditions of such lease.

(c)(1) The department is authorized to grant licenses as easements for railroads, telephone lines, electric power and light lines, gas mains, and the like. The department is also authorized to grant licenses for lots within a district in which lands are leased under the provisions of this section, for:

(A) Churches, hospitals, public schools, post offices, and other improvements for public purposes; and

(2) The department is also authorized to grant licenses to the United States for reservations, roads, and other rights-of-way, water storage and distribution facilities, and practice target ranges.

[§207.5.] Housing development. The department is authorized to develop and construct single-family and multifamily units for housing native Hawaiians. The method of disposition, including rentals, as well as the terms, conditions, covenants, and restrictions as to the use and occupancy of such single-family and multifamily units shall be prescribed by rules adopted by the department pursuant to chapter 91. [L 1997, c 196, §1]

§208. Conditions of leases. Each lease made under the authority granted the department by section 207 of this Act, and the tract in respect to which the lease is made, shall be deemed subject to the following conditions, whether or not stipulated in the lease:

(1) The original lessee shall be a native Hawaiian, not less than eighteen years of age. In case two lessees either original or in succession marry, they shall choose the lease to be retained, and the remaining lease shall be transferred, quitclaimed, or canceled in accordance with the provisions of succeeding sections.

(2) The lessee shall pay a rental of \$1 a year for the tract and the lease shall be for a term of ninety-nine years; except that the department may extend the term of any lease; provided that the approval of any extension shall be subject to the condition that the aggregate of the initial ninety-nine year term and any extension granted shall not be for more than one hundred ninety-nine years.

(3) The lessee may be required to occupy and commence to use or cultivate the tract as the lessee's home or farm or occupy and commence to use the tract for aquaculture purposes, as the case may be, within one year after the commencement of the term of the lease.

(4) The lessee thereafter, for at least such part of each year as the department shall prescribe by rules, shall occupy and use or cultivate the tract on the lessee's own behalf.

(5) The lessee shall not in any manner transfer to, or otherwise hold for the benefit of, any other person or group of persons or organizations of any kind, except a native Hawaiian or Hawaiians, and then only upon the approval of the department, or agree so to transfer, or otherwise hold, the lessee's interest in the tract; except that the lessee, with the approval of the department, also may transfer the lessee's interest in the tract to the following qualified relatives of the lessee who are at least one-quarter Hawaiian: husband, wife, child, or grandchild. A lessee who is at least one-quarter Hawaiian who has received an interest in the tract through succession or transfer may, with the approval of the department, transfer the lessee's leasehold interest to a brother or sister who is at least one-quarter Hawaiian. Such interest shall not, except in pursuance of such a transfer to or holding for or agreement with a native Hawaiian or Hawaiians or qualified relative who is at least one-quarter Hawaiian approved of by the department or for any indebtedness due the department or for taxes or for any other indebtedness the payment of which has been assured by the department, including loans from other agencies where such loans have been approved by the department, be subject to attachment, levy, or sale upon court process. The lessee shall not sublet the lessee's interest in the tract or improvements thereon; provided that a lessee may be permitted, with the approval of the department, to rent to a native Hawaiian or Hawaiians, lodging

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

either within the lessee's existing home or in a separate residential dwelling unit constructed on the premises.

(6) Notwithstanding the provisions of paragraph (5), the lessee, with the consent and approval of the commission, may mortgage or pledge the lessee's interest in the tract or improvements thereon to a recognized lending institution authorized to do business as a lending institution in either the State or elsewhere in the United States; provided the loan secured by a mortgage on the lessee's leasehold interest is insured or guaranteed by the Federal Housing Administration, Department of Veterans Affairs, or any other federal agency and their respective successors and assigns, which are authorized to insure or guarantee such loans, or any acceptable private mortgage insurance as approved by the commission. The mortgagee's interest in any such mortgage shall be freely assignable. Such mortgages, to be effective, must be consented to and approved by the commission and recorded with the department.

Further, notwithstanding the authorized purposes of loan limitations imposed under section 214 of this Act and the authorized loan amount limitations imposed under section 215 of this Act, loans made by lending institutions as provided in this paragraph, insured or guaranteed by the Federal Housing Administration, Department of Veterans Affairs, or any other federal agency and their respective successors and assigns, or any acceptable private mortgage insurance, may be for such purposes and in such amounts, not to exceed the maximum insurable limits, together with such assistance payments and other fees, as established under section 421 of the Housing and Urban Rural Recovery Act of 1983 which amended Title II of the National Housing Act of 1934 by adding section 247, and its implementing regulations, to permit the Secretary of Housing and Urban Development to insure loans secured by a mortgage executed by the homestead lessee covering a homestead lease issued under section 207(a) of this Act and upon which there is located a one to four family single family residence.

(7) The lessee shall pay all taxes assessed upon the tract and improvements thereon. The department may pay such taxes and have a lien therefor as provided by section 216 of this Act.

(8) The lessee shall perform such other conditions, not in conflict with any provision of this Act, as the department may stipulate in the lease; provided that an original lessee shall be exempt from all taxes for the first seven years after commencement of the term of the lease. In case of the death of any lessee, except as hereinabove provided, who has failed to specify a successor or successors as approved by the department, the department may select from only the following qualified relatives of the decedent:

- (1) Husband or wife; or
- (2) If there is no husband or wife, then the children; or
- (3) If there is no husband, wife, or child, then the grandchildren; or
- (4) If there is no husband, wife, child, or grandchild, then brothers or sisters; or
- (5) If there is no husband, wife, child, grandchild, brother, or sister, then from the following relatives of the lessee who are native Hawaiian: father and mother, widows or widowers of the children, widows or widowers of the brothers and sisters, or nieces and nephews.

The rights to the use and occupancy of the tract or tracts may be made effective as of the date of the death of the lessee.

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

In the case of the death of a lessee leaving no designated successor or successors, husband, wife, children, grandchildren, or relative qualified to be a lessee of Hawaiian home lands, the land subject to the lease shall resume its status as unleased Hawaiian home lands and the department is authorized to lease the land to a native Hawaiian as provided in this Act.

Upon the death of a lessee who has not designated a successor and who leaves a spouse not qualified to succeed to the lease or children not qualified to succeed to the lease, or upon the death of a lessee leaving no relative qualified to be a lessee of Hawaiian home lands, or the cancellation of a lease by the department, or the surrender of a lease by the lessee, the department shall appraise the value of all the improvements and growing crops or improvements and aquacultural stock, as the case may be, and shall pay to the nonqualified spouse or the nonqualified children as the lessee shall have designated prior to the lessee's death, or to the legal representative of the deceased lessee, or to the previous lessee, as the case may be, the value thereof, less any indebtedness to the department, or for taxes, or for any other indebtedness the payment of which has been assured by the department, owed by the deceased lessee or the previous lessee. These payments shall be made out of the Hawaiian home loan fund and shall be considered an advance therefrom and shall be repaid by the successor or successors to the tract involved. If available cash in the Hawaiian home loan fund is insufficient to make these payments, payments may be advanced from the Hawaiian home general loan fund and shall be repaid by the successor or successors to the tract involved; provided that any repayment for advances made from the Hawaiian home general loan fund shall be at the interest rate established by the department for loans made from the Hawaiian home general loan fund. The successor or successors may be required by the commission to obtain private financing in accordance with section 208(6) to pay off the amount advanced from the Hawaiian home loan fund or Hawaiian home general loan fund.

(b) The appraisal of improvements and growing crops, or stock, if any, shall be made by any one of the following methods:

(1) By a disinterested appraiser hired by the department; provided that the previous lessee or deceased lessee's legal representative shall not be charged for the cost of the appraisal; or

(2) By one disinterested appraiser mutually agreeable to both the department and the previous lessee or the deceased lessee's legal representative, with the cost of appraisal borne equally by the two parties; or

(3) By not more than three disinterested appraisers of which the first shall be contracted for and paid by the department. If the previous lessee or the deceased lessee's legal representative does not agree with the appraised value, the previous lessee or the deceased lessee's legal representative shall contract with and pay for the services of a second appraiser whose appraisal report shall be submitted to the department not later than ninety days from the date of the first appraisal report; provided that the first appraisal shall be used if the second appraiser is not hired within thirty days from the date the department transmits the first appraisal report to the previous lessee or the deceased lessee's representative. If the appraisal values are different and a compromise value between the two appraisals is not reached, a third appraisal shall be made by an appraiser appointed by the first two appraisers not later than ninety days

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

from the date of the second appraisal report and the third appraiser shall determine the final value. The cost of the third appraisal shall be borne equally by the department and the previous lessee or the deceased lessee's legal representative.

The department may adopt rules not in conflict with this section to establish appraisal procedures, including the time period by which the department and the previous lessee or the deceased lessee's legal representative shall act on appraisal matters.

(c) If a previous lessee has abandoned the tract or tracts or cannot be located after at least two attempts to contact the previous lessee by certified mail, the department by public notice published at least once in each of four successive weeks in a newspaper of general circulation in the State shall give notice to the previous lessee that the lease will be canceled in accordance with sections 210 and 216 of this title and the department will appraise the value of the improvements and growing crops and stock, if any, if the previous lessee does not present himself or herself within one hundred and twenty days from the first day of publication of the notice. Following cancellation of the lease and appraisal of the improvements and growing crops and stock, if any, the department shall make the payout as provided in subsection (a).

(d) After the cancellation of a lease by the department in accordance with sections 210 and 216 of this title, or the surrender of a lease by a lessee, the department may transfer the lease or issue a new lease to any qualified native Hawaiian regardless of whether or not that person is related in any way by blood or marriage to the previous lessee.

(e) If any successor or successors to a tract is a minor or minors, the department may appoint a guardian therefor, subject to the approval of the court of proper jurisdiction. The guardian shall be authorized to represent the successor or successors in all matters pertaining to the leasehold; provided that the guardian, in so representing the successor or successors, shall comply with this title and the stipulations and provisions contained in the lease, except that the guardian need not be a native Hawaiian as defined in section 201 of this title. Lessee has right to change designated successor at any time and successor's interest vests only upon lessee's death; private agreement cannot alter that right. 4 H. App. 446, 667 P.2d 839.

§210. Cancellation of leases. Whenever the department has reason to believe that any condition enumerated in section 208, or any provision of section 209, of this title has been violated, the department shall give due notice and afford opportunity for a hearing to the lessee of the tract in respect to which the alleged violation relates or to the successor of the lessee's interest therein, as the case demands. If upon such hearing the department finds that the lessee or the lessee's successor has violated any condition in respect to the leasing of such tract, the department may declare the lessee's interest in the tract and all improvements thereon to be forfeited and the lease in respect thereto canceled, and shall thereupon order the tract to be vacated within a reasonable time. The right to the use and occupancy of the Hawaiian home lands contained in such tract shall thereupon revert in the department and the department may take possession of the tract and the improvements thereon. §212. Lands returned to control of board of land and natural resources. The department may return any Hawaiian home lands not leased as authorized by the provisions of section 207 of this Act to the control of the board of land and natural resources. Any Hawaiian home lands so returned shall, until the department gives notice as hereinafter in this section provided, resume and maintain the status of public lands in accordance with the provisions of the [Hawaii Revised Statutes]; provided that such lands may not be sold, leased, set aside, used, transferred or otherwise disposed of except under a general lease only. Any lease by the board of land and natural resources hereafter entered into shall contain a withdrawal clause, and the lands so leased shall be withdrawn by the board, for the purpose of this Act, upon the department giving at its option, not less than one nor more than five years' notice of such withdrawal; provided, that the minimum withdrawal-notice period shall be specifically stated in such lease. Each such lease, whether or not stipulated therein, shall be deemed subject to the right and duty of the board of land and natural resources to terminate the lease and return the lands to the department whenever the department

gives notice to the board that the department is of the opinion that the lands are required.

Notwithstanding the provisions of section 171-95, Hawaii Revised Statutes, in the leasing of Hawaiian home lands by the board to a public utility or other governmental agency, where such use directly benefits the department of Hawaiian home lands or the homestead lessees, the rental may be nominal; in all other instances, the lease rental shall be no less than the value determined in accordance with section 171-17(b), Hawaii Revised Statutes.

Any general lease of Hawaiian home lands hereafter entered into by the board shall be void unless prior to the disposition of such lease by public auction, direct negotiation or otherwise, approval shall be obtained from the department of Hawaiian home lands. that any loan agreement entered into under this paragraph by the department shall include a provision that the money borrowed by the department is not secured directly or indirectly by the full faith and credit or the general credit of the State or by any revenues or taxes of the State other than the receivables specifically pledged to repay the loan; provided further that in making loans or developing available lands out of money borrowed under this paragraph, the department may establish, revise, charge, and collect fees, premiums, and charges as necessary, reasonable, or convenient, to assure repayment of the funds borrowed, and the fees, premiums, and charges shall be deposited into the Hawaiian home trust fund; and provided further that no moneys of the Hawaiian home loan fund may be pledged as security under this paragraph; and

§215. Conditions of loans. *[See also amendment of section below.]* Except as otherwise provided in section 213(c), each contract of loan with the lessee or any successor or successors to the lessee's interest in the tract or with any agricultural, mercantile, or aquacultural cooperative association composed entirely of lessees shall be held subject to the following conditions whether or not stipulated in the contract loan:

(1) At any time, the outstanding amount of loans made to any lessee, or successor or successors in interest, for the repair, maintenance, purchase, and erection of a dwelling and related permanent improvements shall not exceed fifty per cent of the maximum single residence loan amount allowed in Hawaii by the United States Department of Housing and Urban Development's Federal Housing Administration (FHA), for the development and operation of a farm, ranch, or aquaculture operation shall not exceed \$200,000, except that when loans are made to an agricultural or aquacultural cooperative association for the purposes stated in section 214(a)(4), the loan limit shall be determined by the department on the basis of the proposed operations and the available security of the association, and for the development and operation of a mercantile establishment shall not exceed the loan limit determined by the department on the basis of the proposed operations and the available security of the lessee or of the organization formed and controlled by lessees; provided that upon the death of a lessee leaving no relative qualified to be a lessee of Hawaiian home lands, or the cancellation of a lease by the department, or the surrender of a lease by the lessee, the department shall make the payment provided for by section 209(a), the amount of any such payment shall be considered as part or all, as the case may be, of any such loan to the successor or successors, without limitation as to the above maximum amounts; provided further that in case of the death of a lessee, or cancellation of a lease by the department, or the surrender of a lease by the lessee, the successor or

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

successors to the tract shall assume any outstanding loan or loans thereon, if any, without limitation as to the above maximum amounts but subject to paragraph (3).

(2) The loans shall be repaid in periodic installments, such installments to be monthly, quarterly, semiannual, or annual as may be determined by the department in each case. The term of any loan shall not exceed thirty years. Payments of any sum in addition to the required installments, or payment of the entire amount of the loan, may be made at any time within the term of the loan. All unpaid balances of principal shall bear interest at the rate of two and one-half per cent a year for loans made directly from the Hawaiian home loan fund, or at the rate of two and one-half per cent or higher as established by law for other loans, payable periodically or upon demand by the department, as the department may determine. The payment of any installment due shall be postponed in whole or in part by the department for such reasons as it deems good and sufficient and until such later date as it deems advisable. Such postponed payments shall continue to bear interest on the unpaid principal at the rate established for the loan.

(3) In the case of the death of a lessee the department shall, in any case, permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1). In case of the cancellation of a lease by the department or the surrender of a lease by the lessee, the department may, at its option declare all installments upon the loan immediately due and payable, or permit the successor or successors to the tract to assume the contract of loan subject to paragraph (1). The department may, in such cases where the successor or successors to the tract assume the contract of loan, waive the payment, wholly or in part, of interest already due and delinquent upon the loan, or postpone the payment of any installment thereon, wholly or in part, until such later dates as it deems advisable. Such postponed payments shall, however, continue to bear interest on the unpaid principal at the rate established for the loan. Further, the department may, if it deems it advisable and for the best interests of the lessees, write off and cancel, wholly or in part, the contract of loan of the deceased lessee, or previous lessee, as the case may be, where such loans are delinquent and deemed uncollectible. Such write off and cancellation shall be made only after an appraisal of all improvements and growing crops or improvements and aquaculture stock, as the case may be, on the tract involved, such appraisal to be made in the manner and as provided for by section 209(a). In every case, the amount of such appraisal, or any part thereof, shall be considered as part or all, as the case may be, of any loan to such successor or successors, subject to paragraph (1).

(4) No part of the moneys loaned shall be devoted to any purpose other than those for which the loan is made.

(5) The borrower or the successor to the borrower's interest shall comply with such other conditions, not in conflict with any provision of this Act, as the department may stipulate in the contract of loan.

(6) The borrower or the successor to the borrower's interest shall comply with the conditions enumerated in section 208, and with section 209 of this Act in respect to the lease of any tract.

(7) Whenever the department shall determine that a borrower is delinquent in the payment of any indebtedness to the department, it may require such borrower to execute an assignment to it, not to exceed, however, the amount of the total

(This Act is part of the State Constitution)

indebtedness of such borrower, including the indebtedness to others the payment of which has been assured by the department of all moneys due or to become due to such borrower by reason of any agreement or contract, collective or otherwise, to which the borrower is a party. Failure to execute such an assignment when requested by the department shall be sufficient ground for cancellation of the borrower's lease or interest therein. §215. Conditions of loans. *[Text of section as amended subject to consent of Congress. L 2000, c 107, §3. each case. The term of any loan shall not exceed thirty years. Payments of any sum in addition to the required installments, or payment of the entire amount of the loan, may be made at any time within the term of the loan. All unpaid balances of principal shall bear interest at the rate of two and one-half per cent or higher as established by rule adopted by the department, payable periodically or upon demand by the department, as the department may determine. In every case, the amount of such appraisal, or any part thereof, shall be considered as part or all, as the case may be, of any loan to such successor or successors, subject to paragraph (1).

(4) No part of the moneys loaned shall be devoted to any purpose other than those for which the loan is made.

(5) The borrower or the successor to the borrower's interest shall comply with such other conditions, not in conflict with any provision of this Act, as the department may stipulate in the contract of loan.

(6) The borrower or the successor to the borrower's interest shall comply with the conditions enumerated in section 208, and with section 209 of this Act in respect to the lease of any tract.

(7) Whenever the department shall determine that a borrower is delinquent in the payment of any indebtedness to the department, it may require such borrower to execute an assignment to it, not to exceed, however, the amount of the total indebtedness of such borrower, including the indebtedness to others the payment of which has been assured by the department of all moneys due or to become due to such borrower by reason of any agreement or contract, collective or otherwise, to which the borrower is a party. §216. Insurance by borrowers; acceleration of loans; lien and enforcement thereof. (a) The department may require the borrower to insure, in such amount as the department may prescribe, any livestock, aquaculture stock, swine, poultry, fowl, machinery, equipment, dwellings, and permanent improvements purchased or constructed out of any moneys loaned or assured by the department; or, in lieu thereof, the department may directly take out such insurance and add the cost thereof to the amount of principal payable under the loan.

(b) Whenever the department has reason to believe that the borrower has violated any condition enumerated in paragraph (2), (4), (5), or (6) of section 215 of this Act, the department shall give due notice and afford opportunity for a hearing to the borrower or the successor or successors to his interest, as the case demands. If upon such hearing the department finds that the borrower has violated the condition, the department may declare all principal and interest of the loan immediately due and payable notwithstanding any provision in the contract of loan to the contrary.

(c) The department shall have a first lien upon the borrower's or lessee's interest in any lease, growing crops, aquacultural stock, either on his tract or share in any collective contract or program, livestock, swine, poultry, fowl, aquaculture stock, machinery, and equipment purchased with moneys loaned by the department, and in any dwellings or other permanent improvements on any leasehold tract, to the amount of all principal and interest due and unpaid and of all taxes and insurance and improvements paid by the department, and any other indebtedness of the borrower, the payment of which has been assured by the department. Such lien shall have priority over any other obligation for which the property subject to the lien may be security.

(d) The department may, subject to this Act and procedures established by rule, enforce any lien by declaring the borrower's interest in the property subject to the lien to be forfeited, any lease held by the borrower canceled, and shall thereupon order such leasehold premises vacated and the property subject to the lien surrendered within a reasonable time. The right to the use and occupancy of the Hawaiian home lands contained in such lease shall thereupon revert in the department, and the department may take possession of the premises covered therein and the improvements and growing crops or improvements and aquaculture stock thereon; provided that the department shall pay to the borrower any difference which may be due him after the appraisal provided for in section 209 has been made. - (1) Bring action of ejectment or other appropriate proceeding; or
- (2) Invoke the aid of the circuit court of the State for the judicial circuit in which the tract designated in the department's order is situated. Such court may thereupon order the lessee or the lessee's successor to comply with the order of the department. Any failure to obey the order of the court may be punished by it as contempt thereof. Any tract forfeited under the provisions of section 210 or 216 of this title may be again leased by the department as authorized by the provisions of section 207 of this title, except that the value, in the opinion of the department, of all improvements made in respect to such tract by the original lessee or any successor to an interest therein shall constitute a loan by the department to the new lessee. Such loan shall be subject to the provisions of this section and sections 215, except paragraph (1), and 216 to the same extent as loans made by the department from the Hawaiian loan fund. (a) Subject to subsection (d), the department is authorized directly to undertake and carry on general water and other development projects in respect to Hawaiian home lands and to undertake other activities having to do with the economic and social welfare of the homesteaders, including the authority to derive revenue from the sale, to others than homesteaders, of water and other products of such projects or activities, or from the enjoyment thereof by others than homesteaders, where such sale of products or enjoyment of projects or activities by others does not interfere with the proper performance of the duties of the department; provided that roads through or over Hawaiian home lands, other than federal-aid highways and roads, shall be maintained by the county in which the particular road or roads to be maintained are located.

(b) The legislature is authorized to appropriate out of the treasury of the State such sums as it deems necessary to augment the funds of the department and to provide the department with funds sufficient to execute and carry on such projects and activities. The legislature is further authorized to issue bonds to the extent required to yield the amount of any sums so appropriated for the payment of which, if issued for revenue-producing improvements, the department shall provide, as set forth in section 213.

Where commission on water resource management failed to render the requisite findings of fact and conclusions of law with respect to whether applicant had satisfied its burden as mandated by the state water code, it violated its public trust duty to protect the department of Hawaiian home lands' reservation rights under the Hawaiian Homes Commission Act, the state water code, the state constitution, and the public trust doctrine in balancing the various competing interests in the state water resources trust. 103 H. 401, 83 P.3d 664.

Where commission on water resource management refused to permit cross examination of water use applicant's oceanography expert regarding the limu population along the shoreline, in effect precluding the commission from effectively balancing the applicant's proposed private commercial use of water against an enumerated public trust purpose, the commission failed adequately to discharge its public trust duty to protect native Hawaiians' traditional and customary gathering rights, as guaranteed by this section, article XII, §7 of the Hawaii constitution, and §174C-101. 103 H. 401, 83 P.3d 664.

§220.5. Development by contract; development by project developer agreement. (a) Notwithstanding any law to the contrary, the department is authorized to enter into and carry out contracts to develop available lands for homestead, commercial, and multipurpose projects; provided that the department shall not be subject to the requirements of competitive bidding if no state funds are to be used in the development of the project.

(b) Notwithstanding any law to the contrary, the department is authorized to enter into project developer agreements with qualified developers for, or in connection with, any homestead, commercial, or multipurpose project, or portion of any project; provided that prior to entering into a project developer agreement with a developer, the department shall:

(1) Set by appraisal the minimum rental of the lands to be disposed of on the basis of the fair market value of the lands;

(2) Give notice of the proposed disposition in accordance with applicable procedures and requirements of section 171-60(a)(3), Hawaii Revised Statutes;

(3) Establish reasonable criteria for the selection of the private developer; and

(4) Determine within forty-five days of the last day for filing applications the applicant or applicants who meet the criteria for selection, and notify all applicants of its determination within seven days of such determination. If only one applicant meets the criteria for selection as the developer, the department then may negotiate the details of the project developer agreement with the developer; provided that the terms of the project developer agreement shall not be less than those proposed by the developer in the application. If two or more applicants meet the criteria for selection, the department shall consider all of the relevant facts of the disposition or contract, the proposals submitted by each applicant, and the experience and financial capability of each applicant and, within forty-five days from the date of selection of the applicants that met the criteria, shall select the applicant who submitted the best proposal. The department then may negotiate the details of the disposition with the developer, including providing benefits to promote native Hawaiian socio-economic advancement; provided that the

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

terms of the project developer agreement shall not be less than those proposed by the developer in the application.

(c) Any project developer agreement entered into pursuant to this section shall include the following terms and conditions, wherever appropriate:

(1) A requirement that the developer file with the department a good and sufficient bond conditioned upon the full and faithful performance of all the terms, covenants, and conditions of the project developer agreement;

(2) The use or uses to which the land will be put;

(3) The dates on which the developer must submit to the department for approval preliminary plans and final plans and specifications for the total development. No construction shall commence until the department has approved the final plans and specifications; provided that construction on an incremental basis may be permitted by the department;

(4) The date of completion of the total development, including the date of completion of any permitted incremental development;

(5) The minimum requirements for off-site and on-site improvements that the developer must install, construct, and complete by the date of completion of the total development. The department may permit incremental development and establish the minimum requirements for off-site and on-site improvements that must be installed, constructed, and completed prior to the date of completion of the total development; and

(6) Any other terms and conditions deemed necessary by the department to protect the interests of the State and the department.

(d) Any project developer agreement entered into pursuant to this section may provide for options for renewal of the term of the project developer agreement; provided that:

(1) The term of any one project developer agreement shall not exceed sixty-five years;

(2) Any lands disposed of under a project developer agreement shall be subject to withdrawal at any time during the term of the agreement, with reasonable notice; and

(3) The rental shall be reduced in proportion to the value of the portion withdrawn and the developer shall be entitled to receive from the department the proportionate value of the developer's permanent improvements so taken in the proportion that they bear to the unexpired term of the agreement, with the value of the permanent improvements determined on the basis of fair market value or depreciated value, whichever is less; or the developer, in the alternative, may remove and relocate the developer's improvements to the remainder of the lands occupied by the developer.

(e) The project developer agreement may permit the developer, after the developer has completed construction of any required off-site improvement, to assign or sublease with the department's approval portions of the leased lands in which the construction of any required off-site improvement has been completed to a purchaser or sublessee who shall assume the obligations of the developer relative to the parcel being assigned or subleased, including the construction of any on-site improvement. The department may permit a developer to share in the lease rent from the assigned lease for a fixed period in order to recover costs and profit.

(f) Whenever the department enters into a project developer agreement to develop a homestead project, the department shall provide for the purchase of the completed

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

project or that portion of a completed project developed for disposition to native Hawaiians, and shall dispose of the lands in accordance with this Act; provided that the project developer agreement shall not encumber any existing homestead lease in the project area.

(g) As used in this section, the following words and terms shall have the following meanings unless the context indicates another or different meaning or intent:

"Commercial project" means a project or that portion of a multipurpose project, including single-family or multiple-family residential, agricultural, pastoral, aquacultural, industrial, business, hotel and resort, or other commercial uses designed and intended to generate revenues as authorized by this Act;

"Developer" means any person, partnership, cooperative, firm, nonprofit or for-profit corporation, or public agency possessing the competence, expertise, experience, and resources, including financial, personal, and tangible resources, required to carry out a project;

"Homestead project" means a project or that portion of a multipurpose project, including residential, agricultural, pastoral, or aquacultural uses designed and intended for disposition to native Hawaiians under this Act; provided that this term shall also include community facilities for homestead areas;

"Multipurpose project" means a combination of a commercial project and a homestead project;

"Project" means a specific undertaking to develop, construct, reconstruct, rehabilitate, renovate, or to otherwise improve or enhance land or real property;

"Project developer agreement" means any lease, sublease, conditional leasing agreement, disposition agreement, financing agreement, or other agreement or combination of agreement, entered into under this section by the department, for the purpose of developing one or more projects.

(h) The department is authorized to adopt rules in accordance with chapter 91, Hawaii Revised Statutes, to implement and carry out the purposes of this section. [L 1986, c 84, §1; am L 1993, c 146, §1]

§221. Water. (a) When used in this section:

(1) The term "water license" means any license issued by the board of land and natural resources granting to any person the right to the use of government-owned water; and

(2) The term "surplus water" means so much of any government-owned water covered by a water license or so much of any privately owned water as is in excess of the quantity required for the use of the licensee or owner, respectively.

(b) All water licenses issued after the passage of this Act shall be deemed subject to the condition, whether or not stipulated in the license, that the licensee shall, upon the demand of the department, grant to it the right to use, free of all charge, any water which the department deems necessary adequately to supply the livestock, aquaculture operations, agriculture operations, or domestic needs of individuals upon any tract.

(c) In order adequately to supply livestock, the aquaculture operations, the agriculture operations, or the domestic needs of individuals upon any tract, the department is authorized (1) to use, free of all charge, government-owned water not covered by any water license or covered by a water license issued after the passage of

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

this Act or covered by a water license issued previous to the passage of this Act but containing a reservation of such water for the benefit of the public, and (2) to contract with any person for the right to use or to acquire, under eminent domain proceedings similar, as near as may be, to the proceedings provided in respect to land by sections 101-10 to 101-34, Hawaii Revised Statutes, the right to use any privately owned surplus water or any government-owned surplus water covered by a water license issued previous to the passage of this Act, but not containing a reservation of such water for the benefit of the public. Any such requirement shall be held to be for a public use and purpose. The department may institute the eminent domain proceedings in its own name.

(d) The department is authorized, for the additional purpose of adequately irrigating any tract, to use, free of all charge, government-owned surplus water tributary to the Waimea river upon the island of Kauai, not covered by a water license or covered by a water license issued after July 9, 1921. Any water license issued after that date and covering any such government-owned water shall be deemed subject to the condition, whether or not stipulated therein, that the licensee shall, upon the demand of the department, grant to it the right to use, free of all charge, any of the surplus water tributary to the Waimea river upon the island of Kauai, which is covered by the license and which the department deems necessary for the additional purpose of adequately irrigating any tract.

Any funds which may be appropriated by Congress as a grant-in-aid for the construction of an irrigation and water utilization system on the island of Molokai designed to serve Hawaiian home lands, and which are not required to be reimbursed to the federal government, shall be deemed to be payment in advance by the department and lessees of the department of charges to be made to them for the construction of such system and shall be credited against such charges when made.

(e) All rights conferred on the department by this section to use, contract for, or acquire the use of water shall be deemed to include the right to use, contract for, or acquire the use of any ditch or pipeline constructed for the distribution and control of such water and necessary to such use by the department.

(f) Water systems in the exclusive control of the department shall remain under its exclusive control; provided that the department may negotiate an agreement to provide for the maintenance of the water system and the billing and collection of user fees. If any provision or the application of that provision is inconsistent with provisions contained in this section, this section shall control.

Water systems include all real and personal property together with all improvements to such systems acquired or constructed by the department for the distribution and control of water for domestic or agricultural use. Native Hawaiian Homestead Water Reservation Rights: Providing Good Living Conditions for Native Hawaiian Homesteaders. 25 UH L. Rev. 85.
Case Notes

Although the Hawaii administrative rules denominate aquifer-specific reservations of water to the department of Hawaiian home lands, such a limitation for purposes of water resource management does not divest the department of its right to protect its reservation interests from interfering water uses in adjacent aquifers. 103 H. 401, 83 P.3d 664.

Insofar as the commission on water resource management, as the agency authorized to administer the state water code, determines the contents of the Hawaii water plan, which includes the designation of hydrologic units and sustainable yields, and the commission's "interpretation of its own rules is entitled to deference unless it is plainly erroneous or inconsistent with the underlying legislative purpose", it is within the commission's authority to limit reservations of water to specific aquifers. 103 H. 401, 83 P.3d 664.

Where commission on water resource management failed to render the requisite findings of fact and conclusions of law with respect to whether applicant had satisfied its burden as mandated by the state water code, it violated its public trust duty to protect the department of Hawaiian home lands' reservation rights under the Hawaiian Homes Commission Act, the state water code, the state constitution, and the public trust doctrine in balancing the various competing interests in the state water resources trust. 103 H. 401, 83 P.3d 664.

Where commission on water resource management's findings supporting its conclusion that the proposed use of water would not interfere with department of Hawaiian home lands' reservation rights under this section failed to address whether the proposed user had adduced sufficient evidence with respect to the impact of the proposed use on the department's reservation in the adjacent aquifer system, commission erred in concluding that proposed user had met its burden under §174C-49 to obtain a water use permit. 103 H. 401, 83 P.3d 664.

§222. Administration. (a) The department may make such expenditures and shall adopt rules in accordance with chapter 91, Hawaii Revised Statutes, as are necessary for the efficient execution of the functions vested in the department by this Act. All expenditures of the department and all moneys necessary for loans made by the department, in accordance with the provisions of this Act, shall be allowed and paid upon the presentation of itemized vouchers approved by the chairman of the commission or the chairman's designated representative. The department shall make an annual report to the legislature of the State upon the first day of each regular session and such special reports as the legislature may from time to time require. The chairman and members of the commission shall give bond as required by law. The sureties upon the bond and the conditions thereof shall be approved annually by the governor.

(b) When land originally leased by the department in accordance with chapter 171, Hawaii Revised Statutes, is, in turn, subleased by the department's lessee or sublessee,

Hawai'i Revised Statutes: Hawaiian Homes Commission Act, 1920
(This Act is part of the State Constitution)

the department shall submit, upon the first day of the convening of any regular session, a written report to the legislature which shall cover the sublease transactions occurring in the fiscal year prior to the regular session and shall contain the names of the persons involved in the transaction, the size of the area under lease, the purpose of the lease, the land classification of the area under lease, the tax map key number, the lease rental, the reason for approval of the sublease by the department, and the estimated net economic result accruing to the department, lessee, and sublessee.
